30837  
American Beauty

**SRP: 169,99 PLN**

This extra lightweight baselayer features ODLO's Ceramicool technology which actively reduces skin temperature by up to 1°C, keeping you cool and dry during any high-intensity sports in warm spring and summer temperatures. The new performance x-light baselayer is crafted from recycled yarns to reduce ecological footprint but retains the same technical yarn performance. Integrated ventilation zones offer the highest breathability and enhanced moisture management. The seamless constructions allow perfect freedom of movement, and integrated ODLO ZEROSCENT anti-odour technology neutralizes bad odour from the outset keeping the baselayer fresher for longer.

ZeroScent  
ADVANCED ANTI-ODOUR TECHNOLOGY

## Some products

**SRP: 189,99 PLN**

Performance Light Eco Baselayers are seamless, lightweight and are made from recycled yarns offering a reduced carbon footprint. They provide the highest breathability through integrated ventilation zones that rapidly wick moisture, keeping the skin feeling cool and dry during the sweatiest workouts. The seamless constructions offer perfect freedom of movement, and our integrated ODLO ZEROSCANT anti-odour technology neutralizes bad odour from the outset keeping the baselayer fresher for longer. The perfect year-round baselayer for any high intensity sporty activities.

### Features

**SRP: 199,99 PLN**

This extra lightweight baselayer features ODLO's Ceramicool technology which actively reduces skin temperature by up to 1°C, keeping you cool and dry during any high-intensity sports in warm spring and summer temperatures. The new performance x-light baselayer is crafted from recycled yarns to reduce ecological footprint but retains the same technical yarn performance. Integrated ventilation zones offer the highest breathability and enhanced moisture management. The seamless constructions allow perfect freedom of movement, and integrated ODLO ZEROSCENT anti-odour technology neutralizes bad odour from the outset keeping the baselayer fresher for longer.

Performance Light Eco Baselayers are seamless, lightweight and are made from recycled yarns offering a reduced carbon footprint. They provide the highest breathability through integrated ventilation zones that rapidly wick moisture, keeping the skin feeling cool and dry during the sweatiest workouts. The seamless constructions offer perfect freedom of movement, and our integrated ODLO ZEROSCENT anti-odour technology neutralizes bad odour from the outset keeping the baselayer fresher for longer. The perfect year-round baselayer for any high intensity sporty activities.

## Some products

SRP: 1 499,99 PLN

Our new Ascent 3L waterproof jacket is an incredibly versatile all-rounder. Lightweight, robust yet incredibly packable it has all the features you need for your outdoor adventures and is crafted from recycled Nylon. The 3L fully taped construction provides 20k waterproofing and 20k breathability. A fully adjustable hood protects you from the worst weather conditions whilst the adjustable hem and cuffs keep out unwanted gusts of wind. Two water-resistant zipped hand pockets and a water resistant zipped external chest pocket ensure your essentials are also protected from the elements. A C0 water repellent finish offers the final protection to provide a water shedding finish.

## Sesvenna Mid Layer Full Zip 542431

60008  
Black Melange

**SRP: 459,99 PLN**

The Sesvenna full-zip midlayer is the cornerstone to creating a lightweight ski layering piece. Crafted from a stretch and light "cotton touch" fabric, which is peached inside, this layer holds warmth and ensures optimal moisture management. Essentials are secured in the two zippered hand pockets, and you have unrestricted movement thanks to the functional underarm cutlines. The fabric is recycled, and the double-dyed structure gives a great look, reinforced by the colour choice of the season.

SRP: 1 499,99 PLN

Our new Ascent 3L waterproof jacket is an incredibly versatile all-rounder. Lightweight, robust yet incredibly packable it has all the features you need for your outdoor adventures and is crafted from recycled Nylon. The 3L fully taped construction provides 20k waterproofing and 20k breathability. A fully adjustable hood protects you from the worst weather conditions whilst the adjustable cuffs keep out unwanted gusts of wind. Two water-resistant zipped hand pockets and a water resistant zipped external chest pocket ensure your essentials are also protected from the elements. A C0 water repellent finish offers the final protection to provide a water shedding finish.

## Sesvenna Mid Layer Full Zip 542432

60008  
Black Melange

**SRP: 459,99 PLN**

The Sesvenna full zip midlayer is the cornerstone to create a lightweight ski layering piece. Crafted from a stretch and light "cotton touch" fabric, which is peached inside, this layer holds warmth and ensures optimal moisture management. Essentials are secured in the two zippered hand pockets and you have unrestricted movement thanks to the functional under arm cutlines. The fabric is recycled, and the double dyed structure gives a great look, reinforced by the colour choice of the season.

### Features

**SRP: 759,99 PLN**

The Ascent Pant is built for demanding adventures where comfort and durability are paramount. Crafted from a combination of partially recycled Polyamide and elastane we have created a versatile stretch pant that allows for incredible freedom of movement without sacrificing durability. An integrated belt enables fine-tuning of the fit whilst an adjustable hem at the lower leg allows you to customise the fit based on your choice of footwear. Two zipped hand pockets, rear zipped pocket and a zipped pocket on the right thigh provide storage solutions. A C0 water repellent finish provides a water shedding finish.

Our lightweight Ascent 365 windshell is ideal for those cooler conditions when a fully waterproof jacket is not necessary. A stowable hood can be rolled securely into the collar when not required and storage solutions include two zipped hand pockets and a zipped internal security pocket. A mesh lining provides a high comfort interior and, additionally, rear panel venting allows heat to escape naturally when the temperature rises. A C0 water repellent finish provides a water shedding finish.

The Zeroweight cargo bib short has been designed with versatility in mind because you take stuff along for the ride. Whether you're on the road, trail or gravel this bib short has the features you need. With 2 stretch mesh pockets on the upper rear and 1 stretch mesh pocket on the outer side of either leg you have enough storage space for your cycling essentials. We've used our new recycled fabrics and combined it with the new Odlo gold gender-specific padding for up to 6 hours in the saddle. No need to wear a traditional 3 pocket jersey with these bib tights, just grab a tee shirt, stow your gear in the cargo bibs and enjoy your ride.

Ride 365 Waterproof Pants Regular Length  
422480

15000  
Black

SRP: 799,99 PLN

The RIDE EASY WATERPROOF pants will be your best ally to bike through tempestuous & wet weather. Crafted from a 2.5L fabric (20.000 water column / 20.000 water permeability), these pants will keep you dry in the rain with great breathability. They come with valuable features such as the waist velcro straps for an adjustable fit, pre-shaped knees aiding on-saddle freedom of movement, and reflective details for extra visibility. Last but not least, we've equipped these pants with long length calf zippers, so you pull these pants over your shoes if you get caught out in the rain.

Features

- Water column 20,000 mm
- Permeability 20,000 g/m²/24h

Benefits

- Waterproof
- Versatile Usage
- Enhanced Comfort

40420  
Loden Frost,  
Black

60285  
Odlo Graphite  
Grey, Loden  
Frost

**SRP: 149,99 PLN**

These CERAMICOOOL running socks offer a bodymapped padding system for enhanced comfort and cushioning. Thicker and softer material on the heel and toe area helps reduce the impact of each step, protecting against blisters while the breathable mesh material and the Ceramicool yarns keep your feet cool and wick sweat away. Integrated and very functional Polypropylene yarn is resistant to absorbing moisture and therefore ensures a very fast drying pair of socks. The seamless toe construction gives the socks an optimal fit while the Integrated ODLO ZEROSCENT anti-odour technology controls and eliminates bad odour from its very beginning. Finally, the socks are made and crafted in EUROPE.
